SPUC - JOIN THE FIGHTBACK

In recent days, those of us who care deeply about protecting the vulnerable have been dealt some devastating blows – with MPs voting in June to legalise assisted suicide and to decriminalise abortion, allowing for abortion up to birth.

These are threats that we should all care deeply about. Pope Leo has already issued a call to action, saying: "No one is exempted from striving to ensure respect for the dignity of every person, especially the most frail and vulnerable, from the unborn to the elderly".

We are living in very dark times – but SPUC invites you to join in the fightback, to make your voice heard and to stand up for the most vulnerable.

If enough people stand up for the pro-life cause, politicians will have to take heed of our concern for those lives lost to abortion and assisted suicide. SPUC urgently needs all of you to join in the work to bring about real and lasting protection for unborn children and those at the end of life. If we do not fight back, we can only expect the culture of death to encroach even further on our society.

As a first step, please fill out one of the postcards at the back of the church, and SPUC will send you information about what you can do for the cause.
